

POLLAK *for* CONGRESS

★ A FRESH START ★

Joel was born in South Africa, grew up in Skokie, and graduated from Harvard College and Harvard Law School. He is the author of two books, and worked as a research fellow at the Hudson Institute, focusing on human rights.

As a Rotary scholar, he tutored students in poor communities and worked to improve relations between Christians, Muslims and Jews. His wife Julia is a fellow immigrant and Harvard graduate from a family of civil rights activists.

Joel confronted Barney Frank over the financial crisis. He exposed the partisan agenda behind the health care bill. He has the knowledge to solve problems, the courage to stand up, and the patience to listen. He will serve all the people of our district, not a few corrupt politicians. Joel offers a real choice, and a fresh start!

As our representative, Joel will:

CREATE JOBS with a new investment tax credit,
NOT destroy jobs with threats and taxes

BALANCE THE BUDGET with sensible spending cuts,
NOT revoke tax credits on retirement savings

FIX HEALTH CARE with sustainable insurance reform,
NOT impose mandates or Medicare cuts

STOP CORRUPTION with new ethics rules,
NOT bail out failed banks and political cronies

DEFEND AMERICA by stopping a nuclear Iran,
NOT abandon Israel or bring terrorists to Illinois
